Arabic Playgroup

Macarthur Diversity Services (MDSI) and Northcott Family Resource Links have opened a new Playgroup in Campbelltown for the Arabic speaking community.

The group opened on 17 October and is held at MDSI premises at Jessie Thompson Building in Mawson Park every Friday during school term between 10am to 12pm.

MDSI also runs the Zahra Arabic Playgroup at Claymore Neighbourhood Centre on Thursdays from 10am to 12pm.

We invite members of the Arabic speaking community to come along and visit our new playgroup. Playgroups often provide the first step for parents to become more involved in the community and they are a great opportunity for families to interact through play, reading and craft. Parents are provided with information on effective parenting, child development, healthy eating and other interesting topics.

Activities are organised by workers and run with the help of parents with the aim of helping children to gain social and educational skills in preparation for kindergarten.

Please call Najla or Cecilia on 46271188 for more information or to enrol your child.
