## **MDSI RAISING AWARENESS OF BREAST CANCER**

### ***WOMEN'S HEALTH SEMINAR*** ***Friday 13 November 2009***

**“Breast Cancer can affect any women, to you, a relative or a friend.  
A mammography on time could save your life”**

**Macarthur Diversity Services Initiative Ltd** is holding a Health seminar for Culturally and Linguistically Women on 13 November at Campbelltown Arts Centre, Art Gallery Road, Campbelltown from 9:30 am to 1:00 pm

The Health seminar will provide appropriate information on Cervical and Breast Cancer for women from diverse cultural backgrounds living in Macarthur. Attendees will learn about the prevention of breast and cervical cancer in a relaxed and friendly environment, as well as having the opportunity to speak with health professionals personally.

This free program will include guest speakers from The Cancer Council, Macarthur Division of General Practice and Breast Screen NSW.

#### **Free lunch and refreshment will be served**

The event is funded by The Cancer Council New South Wales and is a partnership project between Macarthur Diversity Services Initiative and Macarthur Division of General Practice.

For more information and catering purposes please contact Maria on (02) 46271188
