

**MDSI End of Ramadan – Eid event on Thursday 24  
September 09**

End of Ramadan event was successful as usual, the sky was smiling at us and by 12:00 noon the number of people was about 150, and people kept on coming up until the end of the event . Many attending the event for the first time, some took time off from their work to come and enjoy the day. The invitation was open to all and many non Muslims attended and enjoyed the friendly, happy atmosphere as well as the food and the Baklava.

The Police were present as part of the Building Bridges Project between the Police and Muslim communities, everyone enjoyed the bag of goodies and information given to them. The NSW Fire department came by with their shiny red fire engine.

Children under school age enjoyed the face painting and the other activities and games that MDSI and Northcote provided.

The Eid celebration is an annual event and MDSI hopes that it will continue to bring Campbelltown Muslim communities together with the wider community and to promote friendship and understanding
